

Feed through capacitor

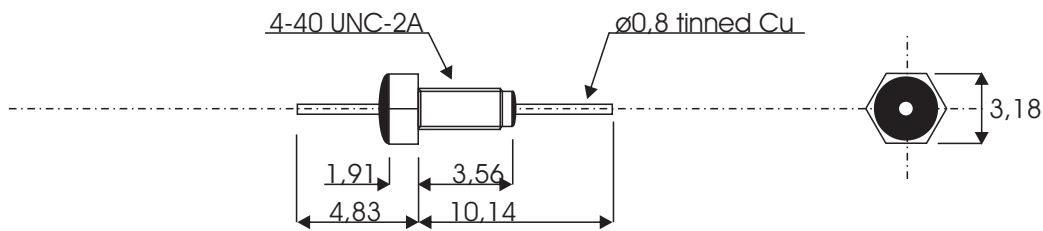

33814023D

Customer: Telecom.

Application .

Quantity: Medium

Price: .

Working voltage

Test voltage

Feed-through current

Insulation resistance

IEC category

Capacitance

Marking

To be delivered with nuts and lockwashers.

200Vdc.

500Vdc 1min.

max 10 A.

min 10000 MOhm.

55/125/56

5pF max.

None.

Attenuation (typical values)

1MHz

10MHz

100MHz

1000MHz
